

idChamp® EMPOWER Module Smart Card Reader

The idChamp® EMPOWER Module Smart Card Reader combines the functionality of the idChamp® RFID reader with the rugged durability of Trimble's EMPOWER line. The module connects wirelessly to Bluetooth Smart (BLE) for fast high frequency (HF) and low frequency (LF) NFC tag scanning. The idChamp® EMPOWER module is designed to fit the unique needs of tough work environments such as those in the construction, energy, mining, and transportation industries, among others.

300x faster than pen & paper

BENEFITS

RUGGED

Designed to endure drops, vibration, humidity, and extreme temperatures

HANDHELD

Fits the Ranger 7, Yuma 7, and Nomad 5 EMPOWER devices for mobile reading

OFFLINE

Collect data on remote sites with or without a network connection

HOW IT WORKS

- Scan smart cards/badges, barcodes, and QR codes
- Read all major card types
- Validate badge credentials and receive duplicate/rejected scan messages for unauthorized scans*
- Send text and email alerts out during emergency incidents*
- Manually lookup and check someone in if they forget their badge*
- Filter data, create custom reports, and receive reports by email on an hourly, daily, weekly, or monthly basis*

MUSTERING

Quick headcount in an emergency

TRACK CERTIFICATES

Check records in real-time

ACCESS CONTROL

Manage remote site access

TIME CLOCK

Automatic digital timesheets

**With supported apps*
