How Stratus-io Makes a Difference

Many organizations still rely on manual or outdated attendance systems, which can lead to wasted time, data inaccuracies, and unnecessary costs. Stratus-io targets these challenges by offering reliable, real-time tools that help you streamline personnel management confidently.

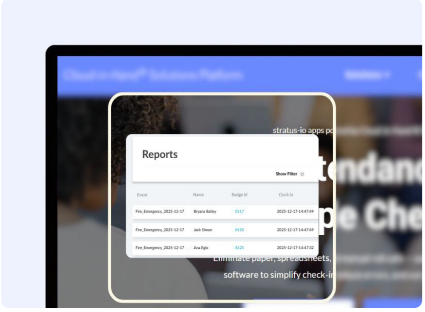

Save Time

Replace manual and outdated practices to save time, giving your team the advantage to focus on what matters most.

Reduce Errors

Relying on clipboards or spreadsheets leads to mistakes. Let us do the work so you can count on accurate data every time.

Minimize Costs

Stay prepared for audits, reduce compliance risks, and cut down on costly inefficiencies caused by missing or inaccurate records.

Offline Capability
No Wifi? No Problem.

We Tailor to Your Needs!

Need a custom feature? No worries. Call us at +1 (512) 994-3630 and we'll make it happen.

A Simple Process That Saves You Time

01. Create an Event

Create an event through the Cloud-in-hand® dashboard using your login credentials. Emergency? Team meeting? Training? Holiday party? Whatever the occasion, simply create the event and get started in minutes.

02. Notify Individuals

Once the event is created, instantly alert your team via SMS directly to their personal devices. Your team can respond in real time confirming they are safe, need assistance, or simply acknowledging the event.

03. Analyze Reports

Once employees check in using their preferred method (Stratus-io app, geofence, employee ID, or SMS), export detailed reports to gain full visibility into attendance, response rates, and overall event outcomes.

Why Choose Our Software Solutions?

One key ingredient setting Cloud-in-Hand® Solutions apart from other platforms is our commitment to being truly "in hand" with our customers. Our solutions are designed to be intuitive, accessible, and adaptable, ensuring every organization achieves streamlined operations reducing errors effectively. Beyond the technology, our team is dedicated to being available to guide, support, and respond, making sure that every client feels empowered and confident.

Trusted By Many Recognized Organizations

"Stratus-io is creating security for our company that didn't exist before."

"Stratus-io is everything I could have hoped for and more."

"With Stratus-io, we effectively engaged a large number of participants!"

Beyond a Time and Attendance Software

Stratus-io is built to grow with your organization. Beyond time and attendance, our ecosystem of integrated tools and technology ensures every aspect of your personnel management is covered. From mobile check-in to advanced NFC technology, every solution is designed to work together seamlessly.

Stratus-io: Remote Check-in

Our mobile app allows you to check-in anywhere, making it simple to account for everyone. Use it to check into meetings, trainings, classes, emergencies and more. Use features like geofence, QR codes, and access control.

Learn More

idChamp® NF4x

The idChamp® NF4x is a Cross-Platform Bluetooth Mobile NFC-RFID Reader. It reads NDEF data and CSN from most major NFC cards. Perfect for organizations that rely on card-based access and attendance.
